

# Aquoral®: Long-Lasting Dry Mouth Relief

## What Makes Aquoral Different?

Most dry mouth sprays are water-based and offer only short-term relief. Aquoral creates lipid-based coating which locks in moisture in the oral lining and promotes good bacteria that help fight gingivitis.

## Prescription Strength, Clinically Backed

In clinical trials, 92% of patients with radiation- or medication-induced dry mouth experienced symptom improvement:

- 73% reported easier chewing
- 65% noted improved swallowing
- 84% saw a better overall quality of life
- 87% found Aquoral easy to use: just 3–4 sprays daily

Ask your healthcare provider to send your Aquoral® Artificial Saliva Protective Oral Spray Prescription to Marley Drug.
