*Dear Healthcare Provider,*

Did you know that up to 80% of patients on statin therapy do not achieve their guideline-recommended LDL-C goal<sup>1-3</sup>, and half would try another statin if given the option<sup>4,5</sup>?

**About ZYPITAMAG (pitavastatin)**

ZYPITAMAG is a third-generation statin indicated as an adjunct to diet to reduce LDL-C in adults with primary hyperlipidemia.

- **Efficacy:** Up to 45% reduction in LDL-C with 4 mg<sup>6,7</sup>
- **Tolerability:** 3.1% rates of myalgia at 4 mg<sup>7</sup>
- **Unique Metabolism:** Primarily bypasses CYP450 family of enzymes which are involved in the metabolism of 70-80% of drugs<sup>7</sup>
- **Reduced Potential** for certain drug-drug interactions
- **Once Daily Dosing:** 2 and 4 mg tablets, taken with or without food

**Get your patients the best price on ZYPITAMAG at Marley Drug**

As a trusted pharmacy, we ensure you have the most cost-effective option for accessing ZYPITAMAG, whether through insurance or cash. **The maximum you'll ever pay is \$1.15 per day or \$34.50 per month.**

**Prescribe ZYPITAMAG to Marley Drug—we're in all EMRs**

We look forward to working with you to provide value to your patients. All patients taking ZYPITAMAG are enrolled in a statin medication adherence program to help them stay on their therapy and achieve their LDL-C goals.

Your patients will receive great prices and exceptional service, every time.
